

Hanoi, 27th November 2023

**CALL FOR PAPER
INTERNATIONAL CONFERENCE ON
“VIETNAM IN PARTNERSHIP WITH GIANTS: OPPORTUNITIES AND
CHALLENGES”**

To whom it may concern,

Up to now, Vietnam has built and upgraded partnerships with many big countries in the world. These relationships have been making important contributions and creating favorable conditions for rapid and sustainable development of Vietnam, as well as enhancing Vietnam’s position on the international arena. The international context of the world in the coming years is forecasted to have many changes, of which one of the highlights is the strategic competitions among giants becoming more complex in terms of level and nature. The new context puts Vietnam to opportunities and challenges in the process of comprehensive international integration and requires to expand and strengthen cooperative relationships with all countries while implementing a “dynamic balancing” policy in partnership with giants.

To create a forum for scholars from different academic fields of economics, business and management to exchange knowledge and present their research, the international conference on “**Vietnam in partnership with giants: opportunities and challenges**” will be organized by National Economics University in Hanoi, Vietnam.

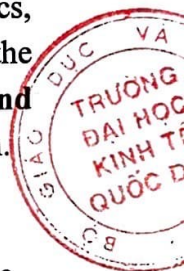

Topics

The topics of interest include:

- The latest trends in international integration and opportunities and challenges for Vietnam;
- Opportunities and challenges for Vietnam in partnership with giant countries in the world;
- Trade agreements and their effects to Vietnam’s economy and businesses;
- The strategic relationships of Vietnam with giants and effects to Vietnam’s economic areas and industries;
- Directions of trade and investment shifts in the new economic context;
- Other contemporary economic and business topics such as digital business, logistics, supply chain management, circular economy, and other related topics.
