## CALL FOR PAPERS

### 6<sup>th</sup> International Conference on Tourism Development in Vietnam Tourism and Leisure in the New Era

-----

#### Introduction

The tourism industry in Vietnam and worldwide has been recovering impressively after the COVID-19 pandemic, becoming a driver for the recovery of other economic sectors. The rapid recovery of the tourism industry is due to the return of domestic and international flights as well as the increase in travel demand. However, the pandemic has had a great impact on changes in human behaviour and travel and entertainment needs. New business models, product types and new types of tourism are born to meet changes in customer needs.
